

## PRESS RELEASE

### **Market Leader in Securitised Derivatives**

#### **IS.Teledata AG Offers Financial Information Covering 36,000 Warrants and 23,500 Certificates**

**Frankfurt, July 6, 2004** – IS.Teledata has advanced to market leader among the providers of real-time data for securitised derivatives. The company's databases now cover 36,000 warrants from 13 international markets, as well as 23,500 certificates and structured products traded in ten European countries.

"Our distribution platform IS.Market Data Gateway now provides our business customers across Europe with a maximum coverage of derivative data. That includes not only real-time quotes and scores of derived key figures for each instrument, but also fundamental data and background information," explains Stephan Schubert, CTO of IS.Teledata AG. "The latest count and the scope of markets and key figures bear out our market-leading position in securitised derivatives in terms of quality and quantity."

IS.Market Data Gateway offers comprehensive coverage of the warrants markets in Germany, Great Britain, Italy, France, Spain, Sweden, Austria, Portugal and Finland. Certificate data are available for Germany, Switzerland, Austria, Italia, France and others.

#### **IS.Teledata AG**

IS.Teledata AG is Europe's largest provider of Internet-based financial market information systems. The company arose from the merger of IS Innovative Software AG and OnVista Technologies GmbH. The corporation provides financial service providers with solutions and market data for professionals and customers. With more than 260 employees in seven European countries and a strong network of partners, the corporation helps more than 150 banks, brokers, portals and media agencies to achieve their strategic goals by leveraging their strengths and implementing their visions.
